

SACRED HEART CATHOLIC SCHOOL

POLONIA, WISCONSIN

"Sacred Heart School will foster a Catholic atmosphere teaching as Jesus did, enabling children to grow in their relationship with Him, and becoming responsible leaders for the future in this world and saints for eternity."

PROFILE OF SACRED HEART SCHOOL

Sacred Heart School, established in 1874 by the Felician Sisters and located in rural Polonia, serves children in preschool through the sixth grade from the areas of Polonia, Rosholt, Amherst Junction, Stevens Point, Custer, and Bevent.

Sacred Heart School has a preschool program for 4 year olds that runs Tuesdays and Thursdays all day. In addition, the kindergarten program is an all-day program that meets Monday through Friday where children are challenged with appropriate manipulative, learning experiences, and a curriculum fitting the skill of a five-year old.

The school offers a unique environment because of its low enrollment. We are able to provide great teacher to student ratios so that all students can be successful. Moral values are stressed in a religious surrounding. A concern for social issues, mission of the Church and peace and justice are included in the curriculum. Once a week the students in grades kindergarten through sixth grade participate in the celebration of the Eucharistic Liturgy where students participate in reading petitions and bringing up the offertory gifts. Daily prayer and seasonal prayer services are highlighted throughout the year.

At Sacred Heart School, our virtue-based education not only feeds the mind, but the spirit as well. Our highly qualified and certified teachers can give your children the skills necessary to succeed in today's world. Sacred Heart offers a full Diocesan approved curriculum including Reading, Religion, Math, Science, English, Social Studies, Spelling, Handwriting, Latin, Music, Art, Physical Education, and Computers that feeds the mind and soul. We are dedicated to increasing children's knowledge and love for their Catholic faith.

Teaching and role modeling good moral values feeds the spirit. Daily religion classes, all-school liturgies, prayer services, and school-wide mission projects provide the basis for an excellent spiritual education.

Parents work closely with the school through the Home and School Association. An Education Committee evaluates the educational goals through support and advice at its
