

Our Mission

Sacred Heart School will foster a Catholic atmosphere, teaching as Jesus did, enabling children to grow in their relationship with Him, and becoming responsible leaders of the future in this world and saints for eternity.

"The academic program at this school is outstanding. I didn't fully recognize it until my older children advanced to the public school, and they were placed in advanced classes. This made it an easy choice to have our younger child attend this school as well. The religious education and values taught are still with my children today. They give their time and talents in their parish and community which says a lot in these tough peer-pressure times."

- Respect
- Integrity
- Responsibility
- Caring for Others
- Trustworthiness
- Citizenship

Faith in Action

- Religion curriculum is taught daily.
- All students attend Mass weekly with participation as altar servers, readers and choir members as needed.
- Daily prayer is common throughout the school.
- Students actively participate in community service projects such as *Christmas is for Children*.

Parent Involvement

Sacred Heart exists to assist parents in the education and faith formation of their children. The Home and School Association parent group, partnering with the school administration, offers parents many opportunities to share their gifts and talents in service and dedication to others, the school community, and the parish community. Ways that parents are actively involved include:

- Classroom, recess, and library aides
- Field trip chaperones
- School fundraising activities

Student Wellness

- A small school offers a safe, secure environment. The size of our school allows us to personally know each student and family by name. All staff members and volunteers are in compliance with Diocesan Child Protection policy.
- Hot lunches are available daily.
- A school nurse is contracted through the county.

"By their fruits you will know them" (Matt. 7:16a)
